PINDRATHI VINAY KUMAR

Hello, my name is PINDRATHI VINAY KUMAR, and I recently graduated with a Bachelor of Technology (BTech) degree in CSE from Gandhi Institute of Technology and Management. During my academic journey, I developed a strong foundation in C, Java, HTML, and MySQL and gained hands-on experience through projects and internships. I'm passionate about applying technology to solve real-world problems and am now looking for opportunities to contribute and grow in a dynamic and innovative environment.

About Me

I am a passionate web developer with a strong foundation in HTML, CSS, JavaScript, and PHP. I enjoy creating responsive and user-friendly websites and have hands-on experience in building real-time projects using modern web technologies. I'm eager to learn, grow, and contribute to innovative tech solutions.

Skills

- HTML
- CSS
- JavaScript
- PHP
- Git & GitHub

Projects

Reinforcement Learning-Based Energy Efficiency Solutions for Wireless Sensor Networks

Collaborated in a team to design and implement reinforcement learning-based strategies for improving energy efficiency in wireless sensor networks. Used Q-learning and energy-aware routing to optimize node behavior and extend network lifetime. The project focused on reducing energy consumption through smart duty cycling and adaptive decision-making.

Job Application Portal Using SQL Queries

Developed an employment website using XAMPP and PHP, incorporating features such as employee registration and employer account creation to facilitate job posting and hiring. Designed to streamline the process for both job seekers and employers.
